## Objective

Aim to find a role that not only aligns with my technical abilities but also offers a challenging environment. I am eager to contribute to cutting-edge projects and continue my professional development.

## Education

SHRI RAMSWAROOP MEMORIAL UNIVERSITY, LUCKNOW

B. tech- CSE (2024)

Current- 82.36%

ST. COLUMBUS INTER COLLEGE, LUCKNOW

Class XII-84% (2020)

Class X-88.45% (2018)

## Skills

**Language** -Java, JavaScript, HTML, CSS

**Framework**-ExpressJs, ReactJs, NextJs

**Database**-MongoDB

**Development**-Front-end Development, MERN Stack Development

**Web Dev Tools**-VSCode, NodeJS, Git, GitHub.

**Relevant Coursework**- Data Structures & Algorithms, DBMS, Oops

## Experiences

- Intern in Oasis InfoByte in the field of web development.
- Intern in InternPe in the field of web development

## Projects

### Real-Time Chat Application

January -2024

Developed a real-time chat application using **NextJs** and **Firebase**, ensuring instant messaging and secure user authentication. Implemented for real-time communication, resulting in enhanced user engagement and seamless interactions.

- Created a responsive and intuitive interface, enhancing the overall chat experience.

### E-Commerce Website

November -2023

Designed and developed a complete E-commerce website using the **MERN (MongoDB, Express.js, React.js, Node.js)** stack, showcasing proficiency in both front-end and back-end technologies.

- Created a responsive and intuitive interface, enhancing the overall shopping experience.
- Utilized **Node.js** and **Express.js** to build a scalable and efficient backend, handling data storage

### Movie Review website

December -2022

Designed and developed a complete website where people can read and discuss movie reviews. It is user-friendly, so visitors can easily find and explore reviews. We have **API** database that keeps all the movie details up-to-date.

- Created a lively website for movie reviews using **HTML**, **CSS**, and **JavaScript**.
- The website works well on both computers and mobile devices, ensuring everyone can enjoy it.

## Achievements

- Cleared first round in Smart India Hackathon 2022
- Certified Web Developer by UDEMY
- Certificate Of Achievement in TCSion 2023
- 5 stars on HackerRank in DSA(Java)
- 1650+ Contest rating on Leetcode.
